

**Productivity Improvers – Training your staff  
to deliver Smarter Business Solutions**

# LEAN Mobile Car Game Simulation

**Onsite delivery - 2 day program**

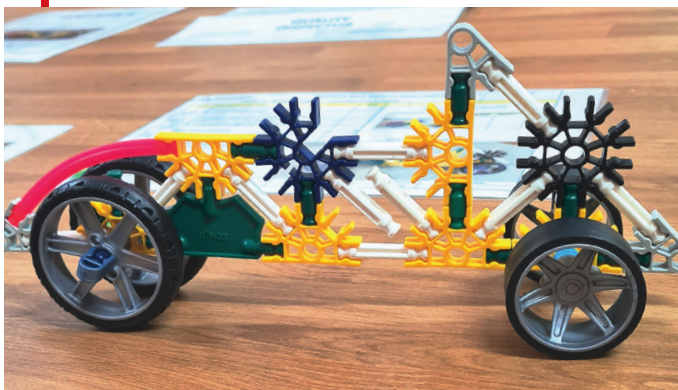

## **LEAN:** The Ultimate Efficiency Booster

At Productivity Improvers, we go beyond theory, immersing our clients in the Lean methodology through hands-on experience.

Our powerful teaching tool: "the Car Game." This interactive simulation simplifies Lean principles, making them accessible and actionable. Participants engage in building and optimizing a toy car production line, exploring diverse strategies to boost efficiency.

Our program equips participants with the skills to eliminate waste, elevate quality, enhance safety, cut costs, and turbocharge productivity.

Experience the transformative power of Lean through this engaging team-building exercise, fostering communication and collaboration through teamwork.

**This hands-on, interactive  
session covers the following:**

- Effective Communication
- Leadership Skills
- Continuous Improvement
- Change Catalyst
- Lean Methodologies
- Visual Management
- Small Changes, Big Impact

### **SCHEDULE:**

**Day 1** Learn the basics of Lean and prepare for the Car Game.

**Day 2** Participate in the Mobile Car Game Simulation

**ProductivityImprovers**  
smarter business solutions
